

## Year 2 Ideas for Home Learning

### Maths

- Practice counting in 2s, 3s and 5s
- Partition 2-digit numbers in different ways (e.g.  $23 = 20 + 3$  and  $23 = 10 + 13$ )
- Make your own number line and 100 square and cover numbers up, children have to guess what numbers are missing
- Add and subtract amounts using objects around the house
- Recognise coins and play shops at home
- Play dice games such as Snakes and Ladders, Ludo and Dominoes
- Practise number (and letter) formation. You can do this on paper, on a chalk board, with a squirty bottle of water on the pavement in the garden, in shaving foam, in a tray of sugar/flour etc.
- Cook or bake at home weighing out ingredients (Link to English - write out the recipe and instructions on how to do it)
- Look for and recognise 2D and 3D shapes around the house and garden
- Learn to tell the time to the hour and to half past the hour. Notice this throughout the day.
- Practice days of the week and months of the year. There are songs on YouTube to help.

### English

#### Reading

- Read a book.
- Read some more!
- Ask a grown-up to read you a story.
- Read to a family member!
- Read an article in the local newspaper!
- Design a new front cover for one of Roald Dahl's books.
- Draw a picture of Mr Wonka's chocolate room.
- Read your favourite book again.
- Make a poster advertising one of the characters in Charlie and the Chocolate Factory.

#### Writing

- Send a postcard to one of your favourite characters in Charlie and the Chocolate Factory
- Put subtitles on your favourite programme and read the words on the screen
- Become Roald Dahl and create 10 new gobbledfunk words and their meanings (like splitzwiggled – caught, or ucky-mucky - messy)

#### Ideas book

Roald Dahl kept an ideas book, where he wrote down all his best ideas. He thought good ideas were like dreams, soon forgotten. Start your own ideas book.

#### Topic

- Use some of the things laying around your home (like recycling or old boxes etc) and create an object from Charlie and the Chocolate Factory
- Help your grown-ups make a well-balanced meal for your family and explain why it's well balanced
