

The School Day at Moorside

The School Day at Moorside

From September 2023 until the end of July 2024, the formal **start** of the school day will be **8.45am**. The day officially **ends** at **3:15pm**.

The children are allowed to come into school from 8:40am and short learning tasks are available for them until the formal start of the day. However, children must arrive in their room for 8:45am when the registration period begins.

During the academic year 2023-24, the length of the school day is six hours and thirty minutes and the school week is thirty two hours and thirty minutes. During the year, the school will consult with staff, parents and governors about the impact of the change and whether amendments need making.

Before School

Child care is available in our Breakfast Club from 7:50am each day.

After School

A range of extra-curricular clubs are available throughout the week catering for a range of interests. These are usually free of charge and offered to different year groups at different times throughout the year. For those needing childcare, there are two providers on site:

- Moorside Kids' Club
- Moorside Pre-School

They are both Ofsted registered and housed within our building, but are separate organisations from the main school itself. For the benefit of parents and children, we do liaise closely with them.
