

## **Public Sector Equality Duty**

**Moorside School takes seriously its responsibility to meet the requirements of 'public sector equality duty'.**

**It does this in a number of ways.**

1. Specific policies which describe and promote
  - equality of access to opportunity
  - how different group and individuals are protected and supported eg SEND Policy
2. Integration of procedures and practice within the day-to-day life of the school eg employment opportunities and access to career development
3. The content and delivery of the curriculum, along with the range of resources used which promote understanding and portray positive images of people with different characteristics.
4. Action plans and targets to improve provision and outcomes for different groups and individuals.
5. Consultation on policy and practice.
